

Clean the Camper Check-List

- ___ Take all old dryer sheets out of cabinets, vents, drawers and underneath mattresses.
- ___ Open all vents and windows overnight for a good airing out. Get rid of any dryer sheet scent!
- ___ Sweep the floors and vacuum the mattresses, drapes, blinds and fabric sofa and bench seats. Basically any fabric gets a good vacuum!
- ___ Wipe all surfaces with hot water and an eco-friendly cleaner.
- ___ Clean the fridge and freezer with hot soap and eco-friendly dish soap.
- ___ Leave the fridge and freezer open overnight to air it out and add an open boxed of baking soda to both the fridge and freezer.
- ___ Wipe microwave and oven.
- ___ Wipe corners high and low.
- ___ Wipe the inside of the cabinets and make sure there's no rodent messes.
- ___ Flush the pipes and water lines and do it twice just to be safe!
- ___ Make the beds and be ready for the first night sleeping in the camper.
- ___ Test all the appliances and outlets.
- ___ Replace any old bulbs.
- ___ Clean out the light fixtures and make sure there are no dead flies.
- ___ Last but not least, one last sweep and then mob the floors.
